COURSE HIT
BY RESIDENTGEORGE ENSIGN APPEALS TO
CITY COUNCIL FOR RELIEF
FROM SITUATION

DESTROYED COMFORT OF HOME

Council Assesses Tax of \$10 a Month
And Regulates Music
And Parking

Alleging the miniature golf course operating at Washington and Arlington streets, had destroyed the comfort and enjoyment of his home, Geo. Ensign, 8 Arlington street, appealed to the city council Tuesday night for relief.

Following his plea and the ensuing discussion, the council on motion of John Cherry, instructed city Attorney Glen H. Lyon to draw up an order fixing a license fee of \$10 a month since the course was put in operation, forbidding all music at the course, prohibiting parking on the west side of Arlington street and driving of cars across the sidewalk on the east side of the street and allowing parking on the east side of the street only to such cars as could park flat to the curb. Mr. Hurst also is to be instructed to operate the course in such a manner that patrons will conduct their playing in a quiet and orderly way.

The above motion by Mr. Cherry was seconded by Councilman Lawrence Solder, with all the other councilmen present casting assenting votes. O. F. Lakin was not at the meeting.

Mr. Ensign in his statement before the council said the situation was becoming serious and was destroying the comfort and enjoyment of his home. He said he received the full benefit of conditions as they exist at the course. Mr. Ensign said he felt that since the council granted a permit for the course, it was up to the council to give him relief from what he termed an intolerable condition.

High-powered lights throw a glare of light on his front porch and in uppers bedroom windows. Flopping of cars on the east side of the street drive over them and across sidewalk, as well as the starting and stopping of cars, also were unusually noisy, he said.

He said that band concerts each week had been discontinued following a conference in the office of City Attorney Glen H. Lyon a week ago, but that a radio equipped with a horn now had supplanted the band.

Conditions are growing worse, he said. An invitation to the council members to accompany him to the course and see if they would like a similar condition in front of their homes, was issued by Mr. Ensign. He further said that a permit was issued for the course before he or his neighbors were aware of it and without giving them a voice in whether or not it should be granted.

Mr. Ensign said he felt his home had been damaged and that unless the council could give him relief he would have to go into court and attempt to get a restraining order or injunction against the course.

The course had been kept open as late as 1 o'clock at night, he said. The game itself was quiet enough, but Ensign further said, but the crowds were noisy.

Following suggestions by Mr. Lyon and Mayor W. L. Denman the order to Mr. Hurst was ordered drawn by the council members.

A monthly rental bill from the Greencastle Water Company was ordered sent back for revision by the council members, when they learned a charge had been made for two additional fire plugs which had not in operation a full month. Other claims were allowed by the council members. The water bill amounted to \$1.50.

Councilman Snider stated that hundreds of complaints had reached him regarding water meter readings. According to his statement water bills recently had jumped from low to high figures. He said petitions were now being circulated and would be presented to the council asking for aid in investigating the alleged misreadings.

CALIFORNIA

BOTH STABBED TO DEATH

Girl Victim President Of Phi Mu Sorority
Of California For
Two Years

ENSENADA, Lower Calif., Mexico, Aug. 27 (UP)—A motive for the brutal slaying of Francis Conlon, 24, Monrovia, Calif., business man, and his fiancée, Lois Kettle, Los Angeles sorority girl, was sought by Mexican and American authorities today.

The bodies of the couple, stabbed to death by an unknown assailant, were found on the beach here yesterday. Near the spot were evidences of a camping ground that evidently had been hastily broken up, police said.

There appeared to be no motive for the murders, the American consul at the lower California resort told the girl's relatives. They apparently were strolling along the beach when their slayer crept upon them.

Mr. and Mrs. John de Wild of Vista, Calif., who started for Ensenada with the young couple, were located by San Diego authorities. They reported that they turned back below Tia Juana on Monday in the belief that Conlon and his fiancée also had returned.

Conlon and the girl were identified by papers found in Conlon's pockets and by a book half buried in the sand. The book was "The end of the honeymoon."

Mrs. William Kettle, mother of the girl, said the young couple planned to be married.

The port Captain of Ensenada discovered their mutilated bodies, sprawled 20 feet from a tent they had pitched on the beach. Relatives said they knew no enemies.

Conlon's aunt, Miss Mary Moran of Monrovia, who reared the young man since the death of his parents, Mr. and Mrs. Thomas Conlon of Worcester, Mass., said the couple might have married secretly last Saturday.

Miss Kettle was president for two years of the National Phi Mu sorority chapter at the University of California at Los Angeles. She was prominent in alumni affairs.

CIRCUS COMING
HERE THURSDAYBARNETT BROS. 3-RING CIRCUS
SCHEDULED TO ARRIVE
BY MOTOR TRUCK

Greencastle's only circus of the summer is scheduled to arrive on Thursday for two performances on the west Walnut street show grounds. It is the Barnett Bros. 3-ring circus.

Besides the afternoon and night performances a big street parade is scheduled at noon.

Part of the glamour of the old-time circus will be missing in that the show will arrive by motor truck and not by train. This will rob the youngsters of the glorious opportunity of watching the circus unload at a local railroad siding.

Several of the leading shows in the country have adopted motor trucks as a means of travel. Instead of unloading from trains the circus will arrive in Greencastle early Thursday and start unloading from trucks.

FIVE MEN ARE INCORPORATORS

First Putnam County Credit Corporation
To Finance Farmers In
Buying Livestock, Crops, Etc.

The incorporation papers for the First Putnam County Credit Corporation were filed with the secretary of state on Tuesday by Charles McGaughey, attorney for the incorporators, who include E. A. Brown, John F. Cannon, William A. Kreigh, A. B. Hanna and Russell E. Brown, all directors of The First National Bank.

The purpose of the organization is to be able to assist Putnam county farmers in financing their live stock and crops. The local corporation will work through the Federal Intermediate Credit Bank of Louisville, Ky., of which A. G. Brown, former president of the First National Bank here, is now head.

The corporations are being formed in various places and they are to assist the farmers in financing their form crops, live stock and other necessary interests on the average farm.

The local corporation is capitalized at \$10,000 and as the Intermediate Credit Bank will extend loans up to eight times the capital stock of the local concern, this will give a credit possibility in Putnam county of \$80,000. It is hoped that through this concern all farmers who may need funds, to carry them through the present times, will be able to borrow sufficiently to finance their livestock and farm produce projects.

CLOVERDALE
WOMAN IS
FOUND DEADMRS. JOANNA TRUESDEL, 73, HAD
DIED 24 HOURS BEFORE
BEING FOUND

The body of Mrs. Joanna Truesdel, 73 years old, a resident of Cloverdale, was found in her home about 5 o'clock Tuesday evening, almost twenty-four hours after her death the preceding evening. Death was believed to have been caused by heart disease.

Mrs. Truesdel had been in ill health for several weeks but it was not believed she was seriously ill. T. J. Nixon, of Cloverdale, went to the home Tuesday morning looking for her but left when he found the house locked. He thought she had gone away for the day. About 5 o'clock Tuesday evening he returned and finding the house still locked, sensed that something was wrong.

Summoning aid he pried open a window and entered the home to find her lifeless body lying on the floor. Mrs. Truesdel is believed to have died early Monday evening. She had prepared the bed to retire and evidently had just risen from a chair where she had been sitting, when death overtook her. A lighted lamp was still burning when her body was found. Mrs. Truesdel was last seen about 7 o'clock Monday evening.

She was the widow of the late Jesse Truesdel and since her husband's death had lived in Cloverdale alone. Prior to that time she had lived with him on a farm near that town.

With the exception of some cousins in Cloverdale and a nephew in Missouri there are no near relatives.

Funeral services will be held from the Reed Funeral Home in Cloverdale Thursday afternoon at 2:30 o'clock with interment in Cloverdale cemetery.

The death of Horace J. Cosner, age 43 years, formerly of Greencastle, occurred at his home in Cleveland, O., Tuesday evening at 6 o'clock. Death was sudden and entirely unexpected by members of the family.

His father, A. J. Cosner, and a granddaughter, Miss Annie Moore both of this city, left for Cleveland Tuesday evening immediately after receiving the message of his death.

Mr. Cosner suffered a sun stroke in July but apparently had recovered from this, following treatment in a hospital. It is believed that effects of the sunstroke caused his sudden death.

Besides the widow and a 3-year old son, he is survived by three brothers and two sisters, A. O. Cosner of Chicago; Dr. C. H. Cosner and Matt Cosner both of Dayton, O.; Mrs. Harry Moore of Greencastle and Mrs. L. J. Phillips of Tulsa, Okla., in addition to his father, who makes his home here with Mr. and Mrs. Moore.

Mr. Cosner formerly was a Ford dealer at Jefferson, O., but during the past year had been in business at Greencastle. He was born and reared in Greencastle and graduated from the Greencastle high school. During the World War he served as an instructor in sharpshooting in the Marine Corps at Quantico, Va. He had served one previous enlistment in the Marines, most of which time he was stationed in South American republics where revolutions constantly were brewing.

Funeral services and interment will take place at Cleveland, Thursday afternoon.

DePauw University and Greencastle are mentioned twice in a story appearing in this week's issue of The Saturday Evening Post. The story, entitled "Professional," is from the pen of Margaret Weymouth Jackson, noted fiction writer who formerly lived in Spencer, Indiana.

HUSBAND ACCUSES WIFE
WITH ABUSIVE TREATMENT

Charges that his wife would stay out at nights and associate with other men and that during the first half of August she associated with a certain married man and would go with him in his auto and stay out as late as 5 a. m., thus leaving plaintiff and their two children, are also made.

According to the complaint the couple were married October 5, 1921 and separated August 19, 1930.

A divorce and custody of two minor children are asked by the plaintiff. The plaintiff gives his addresses in Greencastle during the past six months as 707 Maple avenue and 709 Ohio street, and his occupation as a grocery clerk.

Swimming Pools Crowded With Londoners
Seeking Relief From
Intense Hot Weather

LONDON, Aug. 27 (UP)—A heat wave that hourly became more severe spread over the British Isles, parts of Europe and the African coast today with the breaking of the recent period of cold summer weather.

London experienced the hottest night ever recorded for the last week in August after a maximum temperature of 88 degrees yesterday.

Today the sun burned the city again driving the mercury up to 84 in the shade this morning and promising to increase the temperature steadily throughout the afternoon.

Holiday-makers, convinced that the recent cold weather would continue, were caught at resorts with only heavy clothing and many were forced to curtail their vacations. Swimming pools were crowded as early as 6 a. m., particularly Lansbury's Lido in Hyde Park where many stenographers could be seen leaving for offices clad in light frocks over their bathing costumes.

Army maneuvers in Surrey were suspended in mid-battle due to the intense heat.

BIGGEST BEACON TO
BE LIGHTED TONIGHT

CHICAGO, Aug. 27 (UP)—President Hoover will press a button to the White House at Washington at 9 P. M. today to light the world's most brilliant air beacon, which towers nearly 700 feet above the ground on the roof of the Palmolive building here.

Col. Charles A. Lindbergh, for whom the beacon has been named, was invited to attend the dedicatory ceremonies here, but it was unknown whether he would be present; scores of famous aviators, here for the National air races, will be spectators.

The principal beam will be visible for a distance of 200 miles from planes at an altitude of 3,000 feet. The earth's curvature alone prohibits its usefulness for any great distance.

The beacon is a gift from the late Dr. Elmer A. Sperry to commemorate Colonel Lindbergh's pioneer flight from New York to Paris.

PLAN SEED, FEED CREDIT

WASHINGTON, Aug. 27 (UP)—A plan for furnishing seed and credit to farmers without federal funds was completed today by a subcommittee of three bankers, members of the group here to co-operate with the federal drought committee in drafting a program of financial relief for the drought areas.

A meeting of the 18 banker conferences was called for today to receive the subcommittee report and formulate a definite plan which will furnish about \$20,000,000 credit, said to be needed by farmers lacking sufficient collateral for normal loans.

Henry M. Robinson of Los Angeles, member of the Dawes Reparations commission, is said to be the author of the plan, which later will be considered by the full conference bankers. The plan is understood to be based upon establishment of co-operative credit associations in each of the drought-affected states.

The bankers gathered in the cabinet room at the White House late yesterday and decided to leave the details to the subcommittee, composed of Melvin A. Traylor of the First National Bank of Chicago, Nicholas Dosker, Louisville Trust Company, and Morton Prentiss, First National Bank of Baltimore.

LEBANON WANTS TO OWN ITS ELECTRIC LIGHT PLANT

Preliminary steps in a program which if carried out will result in the city of Lebanon installing a municipally-owned electric light system were taken at the regular meeting of the City Council Monday night when Mayor John C. Perkins appointed a committee of three to investigate and report on the project.

While this plan has been given some consideration by previous administrations, the "ball was started rolling" officially when Councilman Geo. O. Palmer introduced the following motion: "Whereas numerous complaints are being made because of the price of electric current in Lebanon and considerable demand from our citizens that steps be made to install an electric lighting system, I, therefore, move that the mayor appoint a committee to inquire into and secure such data, etc., as will enable the council to determine the advisability of installing an electric lighting system for Lebanon."—Lebanon Reporter.

TELL WEIRD STORY OF WRECK

ATLANTIC CITY, N. J., Aug. 27.—Three haggard men staggered out of the surf today and told a story of how they had been swimming for 8 hours after the wreck of the schooner Francis T. with her crew of seven. The men—John Larre, Clarence Atkinson and Freeman Bonbury—said the schooner sailed out of Halifax two weeks ago bound for Bermuda.

Patrolman Grant Melvin saw them come stumbling up the sand. He ran over and heard Larre mumble a few words and then all the men pitched forward on their heads unconscious.

Hot food and medical attention revived them. Ten minutes later a cutter was under steam and heading for the open sea to search for the water-logged Francis T. and the four other members of the crew.

FINED \$25 AND COSTS

HAMMOND, Aug. 27 (UP)—Stella Chappa, 18, and Mike Teresh, communist leaders, each were fined \$25 and costs when convicted in Hammond city court of disorderly conduct.

They were arrested when police used tear gas bombs to break up a meeting of Negroes the two were addressing. It was charged the speakers were attempting to arouse the audience concerning the lynching of two Negroes at Marion recently.

OBITUARY

Sarah I. Fox, a former resident of Putnam county, passed away at the home of her daughter, Flora E. Robinson, Terre Haute, Ind., Thursday, August 21st, 1930, after an illness of seven days.

She was the only daughter of Stephen and Elizabeth Stratton, was born at Terre Haute, Ind., Aug. 18, 1843, and was 87 years old at the time of her death. On Nov. 7, 1860, she married Abraham R. Fox at Manhattan, Ind. They resided near Reelsville for nineteen years, when Mr. Fox passed on leaving her the responsibility of four children. In early life she united with the West Union Christian church and remained faithful to Christ's teachings through life. She leaves to mourn her loss one son, Albert B. Fox of Fern, N. Dak. (her son William E. Fox of Rugby, N. Dak., having passed on seven months before her death). Two daughters, Mrs. Flora E. Robinson of Terre Haute, Ind., and Mrs. C. L. Wood, of Atlanta, Ga., seven grandchildren, and four great-grandchildren.

The pall bearers were William Bond, Edgar Jobe and Timothy Bond of Reelsville; Mr. J. D. Dill, Albert Roll and Jesse Rollings of Terre Haute. The funeral services were held at the residence at two o'clock Sunday afternoon by Rev. Charles S. Heckingbottom. The solos "Face to Face" and "The Day Without a Cloud" were sung by Russell Stockwell. She was laid to rest at Highland Lawn cemetery.

Though she has gone from this earthly sphere

Let us not in sorrow say
That she is dead. There is a life beyond the grave.—She is just away."

A friendly smile, a helping hand,
No harm of others would she say
A lovely soul has passed beyond,
She is not dead.—She is just away.

Shrewd Buyer?

You insist on getting your
money's worth when you buy

WHEN you make your will you also make a purchase. You buy the services of an executor and trustee, for which future payment must be made out of your estate in the form of fees.

On the selection of your executor and trustee may depend the comfort and happiness of your family for years to come. An inexperienced executor can innocently be the cause of delays and mismanagement and actual money loss to your estate.

Shrewd buyers, good judges of value received, avoid such risks and appoint institutions like ours under their wills.

There is no extra charge for our experience in this specialized work, for the fees of an executor and trustee are fixed by law or court—and are no more than those allowed to an individual.

EXPECT GOOD ATTENDANCE AT STATE FAIR

DROUGHT TO HAVE LITTLE EFFECT ON EXHIBITS, FAIR BOARD MEMBER PREDICTS

INDIANAPOLIS, Aug. 26 (UP)—This summer's drought will not be reflected in the annual state fair, it was predicted today by E. J. Barker, secretary of the state board of agriculture, who was completing final arrangements for the exhibits and entertainment.

The exposition will be held August 30 to Sept. 6, inclusive, and promises to be one of the greatest ever held in Indiana.

The number of exhibitors increased from 1,469 in 1929 to 1,550 and according to Barker, the quality of exhibits will be considerably above normal years.

Twenty-four states and the District of Columbia will be represented in the many division of livestock exhibits.

Total premiums in all exhibit divisions amount to \$176,960.88, of which \$142,927.95 has been contributed this year by the fair board; \$33,535.98 is special funds; and \$496.95 left over from last year. The largest individual appropriation for premiums is for racing events which totals \$60,000.

Of this amount, \$35,000 will be prizes for night horse racing.

Night horse racing will be held Monday, Tuesday, Wednesday, Thursday and Friday nights with five events the first night and four on each night following.

Agricultural exhibits this year will be better than ever in most divisions. Early spring and summer crops were fine in the northern half of the state, exhibitors have reported, and even in the southern sections where the drought was severe, many farmers will have large exhibits.

Besides racing, shows and other forms of entertainment for the thousands of fair visitors, nine bands have been engaged by the fair board to play during the exposition.

The leading musical feature is the Bohumir Kryl band which has played in all the large cities throughout the country. Other bands scheduled to appear are the Arndt Concert band, Grant County 4-H Club band, Collins' Boys band at Muncie; Indianapolis Boy Scout Band, Kraft's Novelty band of Frankfort, Wabash County Farm Bureau band, Bedford Public School band and the P. O. S. of A. band of Crawfordsville.

HONOR WHERE DUE

WABASH, Aug. 26 (UP)—Servia, Ind., is proud of its liars and has made plans to honor them. A home coming will be held August 29, and will be featured by a contest by liars. Despite the local pride in lying, outsiders have won the contest four times in the last five years, it was said.

Spit is a horrid word, but it's worse if on the end of your cigar

One of many actual photographs of "spit-tipping" cigar makers. The above picture was taken on March 22, 1930. An affidavit from the photographer is on file, showing that this workman used spit in finishing the end of a cigar.

... the war against Spitting is a crusade of decency... join it. smoke **CERTIFIED CREMO!**

Over 7,500 cigar factories are registered by the U. S. Government. Over 7,400 of these hand-roll cigars, producing 50 percent of the output. Every hand-rolled cigar—made by American Cigar Co. or anyone else—is subject to the possible danger of "spit-tipping." Certified Cremo is absolutely free from spit-tipping—No Cremo is made by hand.

The choicest, tenderest leaves that the crop affords are scientifically treated by methods recommended by the United States Department of Agriculture.

Culture. Certified Cremo's purity is safeguarded along every step of the way by amazing inventions that bind, roll, wrap and tip the cigars!
